

## Additional informations about the end of the semester:

- **Semmelweis Symposium 2008** (27-29 November):

Motto: „Building bridges from basics to invasive cardiology.”

Reasons to attend:

- interesting program & an occasion to meet international experts.
- participation is free.
- attendance on each day of the event will be honoured by discharging up two previously missed practices

**Online registration is needed!**

- **Cardiology Competition** (11th December 15:00):

Reasons to attend:

- similar to exam tests.
- the first three students will have an advantage on the exam.
- the first will win a Littman stethoscope.

- **Practice exams** (last week at everybody's own tutor):

Reasons to attend:

- to pass the practice exam is elementary to take part in written exam

- **Exam period** (15th December 2008 – 23rd January 2009): Exam date & registration are available in Neptun System

- first choice: multiple choice test exam (Number of possible correct answers are given at each question)  
60 questions – 36 correct answer is needed
- second, third choice: verbal exam – two topics must be answered which are available at website.

**Main rule:** The exam result is an average of the practice and the written exam but none of them allowed to be failed.
