Participation in lectures and practices. Recovery of missed practices:

All students have to be admitted before taking part in lectures and practices.

All students are invited to the lectures. To take part on practices is mandatory. It is possible to miss two of the practices, but later these should be recovered when it is convenient for you and your tutor both.

Supervision during the semester:

Interactive practices will be held during the semester. The result of the practice exam will be combined from the student's activity during the semester and from his performance on the exam.

The final mark:

The final mark at the end of the semester will be a combination of the practice exam's result, the multiple choice test's result and 1 verbal topic from the exam topic list. The students will be graded from 1. (insufficient) to 5. (excellent).

Type of exam:

Practice exam (during the last practice). Written multiple choice test exam and oral exam (during the exam period).

How to check in for exams: Through the NEPTUN system.

How to modify the exam date:

According to the regulations the date can not be modified within 48 hours before the exam.

How to verify the missed exam:

All students who had missed an exam date should give a written justification note which will be verified individually.
